

Band Booster Executive Board Meeting – October 6, 2009

Mr. Reed stated that he has no funds at this point from Football games. In the past, the Band's portion of the proceeds have deposited into his school account at this point. He stated that he has equipment needs, specifically Percussion. Mr. Reed will try to look into the when he may get the funds. There was a brief statement by Sheila Evans that with the unavailability of having a meeting with the necessary parties to plan a budget for the year, she and Tricia Heath, Treasurer, followed last year's budget to create this year's.

Attendance at the games has hurt the merchandise sales and also, concession stands.

This week is 8th grade night-home football game against Laney. We will serve pizza to all students-ours and our visitors from Roland Grise and Myrtle Grove.

A review was made over the recommendations of the Accountant from the Board of Directors Meeting on September 17th.

Volunteer Needs – add 2 truck drivers to Competition needs & Pit Crew. This was an oversight when planning volunteer needs with Patti Erkes prior to the school year. Trish Nielsen shared that it would be highly beneficial for some folks to be “trained” during the next two competitions as John Nielsen, who heads up the Pit Crew will not be able to attend the last competition on November 7th. Greg Copley agreed to drive a truck to one more competition.

Respectfully submitted,
Sheila Evans for Landis Stanfield, Band Booster Secretary.
